A Figo Overview

What is pet insurance?

A health insurance plan that covers the illnesses and injuries of your pet. This includes treatments by veterinarians, ERs, and specialists.

How does it work?

If your pet is sick or injured, you can receive treatment from any licensed veterinarian, and could be reimbursed up to 100% of the veterinary costs.

What does it cover?

Illnesses and injuries, including hereditary and congenital, are covered as long as they were not pre-existing conditions/during waiting periods.
